Subject: Submission of Earning Call Presentation

Ref: Letter dated May 27, 2024 providing details of the Earnings Conference Call – Standalone and Consolidated Audited Financial Results for the quarter and year ended March 31, 2024

Dear Sir/Madam,

In continuation to our letter dated May 27, 2024, please find enclosed a presentation on the Audited Standalone and Consolidated Financial Results for the quarter and year ended March 31, 2024.

The presentation is also being made available on the Company's website at <u>www.shivalikbimetals.com</u>.

You are requested to take the same on record.

Thanking you, For Shivalik Bimetal Controls Limited

Aarti Sahni Company Secretary & Compliance officer M. No: A25690

# INVESTOR PRESENTATION

Q4FY24 & FY24

### FORWARD LOOKING STATEMENTS

This presentation and the following discussion may contain **"forwardlooking statements"** by **"Shivalik Bimetal Controls Limited"** that are not historical in nature.

Such forward-looking statements are subject to certain risks and uncertainties such as government actions, local, political or economic developments, technological risks, and many other factors that could cause actual results to differ materially from those contemplated by the relevant forward-looking statements.

"Shivalik Bimetal Controls Limited" will not be in any way be responsible for any action taken based on such statements and undertakes no obligation to publicly update these forward-looking statements to reflect subsequent events or circumstances.

# **DELIVERING QUALITY GROWTH**

We make state-of-the-art electro-mechanical components that are at the heart of battery management systems

Over the past year, Shivalik has made significant strides in the evolving landscape of technological applications, achieving quantum growth through innovation and quality. Our expertise in Bimetal, Trimetal Strips and Shunt Resistors has been instrumental in facilitating advancements in sectors such as switchgear, energy meters, and battery management systems.

Over the last few years, we've diversified our product range to meet market trends and customer needs, delivering tailored solutions to leading OEMs. Our commitment to manufacturing excellence ensures consistent quality and reliability, positioning us as a valued partner across various industries.

Looking forward, Shivalik is committed to driving quantum and quality growth. We plan to broaden our capabilities, pioneer R&D, build new alliances, and explore untapped markets, persistently generating value for our stakeholders.

With its technological prowess and customer relationships, Shivalik can harness the potential growth in diverse segments such as automotive, defence, medical, and electrical appliances, whilst also capitalising on the ongoing electrification wave.

#### **OUR BUSINESS MODEL CANVAS**

Key Partners Key Partners There are multiple stakeholders we partner with to produce value throu Business Model. These stakeholders include: - Our People - Our Vendors - Our Oustributors - Our Agents - Our Customers - Our Government - Our Investors - Our Local Social Diaspora	h our	Key Activities We manufacture state-of- the-art electro-mechanical components that are at the heart of systems that measure and manage electricity. We operate modern manufacturing technologies and practices, with strong Research & Development as our foundation. Key Resources We procure metal alloys produced specifically for us by global specilists. Our Human, Intellectual and Manufacturing Capital are key resources used to convert these alloys into multi-metal strips and components.	Value           Proposition   Shivalik's value proposition lays in the ability to offer electrical and portical energy driver solutions, in addition to customised energy solutions. Our components are at the heart of all electrical energy measurement and management systems. The global economy is shifting towards electric solutions fonsequences. These components are integral in smart-metering for for battery management systems in the zero-emission electric vehicles segment. Shivalik is equipped towards riding the oncoming electricity everywhere' wave.	We establish long term relationships with our OEMs, and engineer specific products for them by involving ourselves from their ideation stages, to their prototyping and testing stages, and right upto the final production scale stage.	Customer Segments Components are highly trusted by demanding global OEMs, who are at the forefront of critical measuring, management and switching applications. ## A GLIMPSE OF TRADITIONAL END-APPLICATIONS

#### LEVERAGING DIFFERENTIATED

# **OUR COMPETITIVE EDGE**

#### 01 Precision Engineered Manufacturing Solutions

 Leading supplier of critical components for Electric Vehicles, Energy Storage Devices, Switchgear, Electrical Appliances and Smart Meters

# Long Standing Relationship with Marquee Global Customers

 30+ years of customer relationships focused on offering customized solutions alongside growing customer base

# 02 Technology Focused Skillset

 Operating in a niche segment with core competence of joining metals by highly complex processes like Diffusion Bonding and Electron Beam Welding

#### **Adept Human Capital**

 Presence of technocrat promoters with experienced management and highly skilled production team

Product Portfolio with Diversified Grades

03

- Thermostatic Bimetal/Trimetal, Shunt Resistor Snap Action Disc, Coil & Spring etc.
- Proprietary tooling design technology to significantly enhance productivity and profitability

06

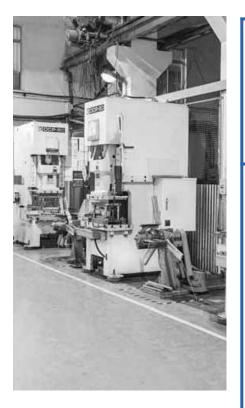

# Focus on R&D and Strategic Innovation

- Capabilities across design, development, testing, validation, manufacturing and delivery
- Focus on R&D and continuous improvement in product performance, cost & reliability and quality

#### LEVERAGING DIFFERENTIATED

#### PROTECTED THROUGH STRONG DEFENSIVE MOATS

#### Global pioneer in bonding & welding

SBCL is a global pioneer in joining metals to form bimetal and trimetal strips and components which use niche technology such as electron beam welding, hot diffusion bonding, resistance welding, and continuous brazing. These are critical components used in switchgear, automobiles (including EVs), and in Energy Meters.

# Differentiated through aggressive R&D

The Company enjoys a culture of rigorous R&D with talented people that have decades of experience that is hard to replicate. This gives Shivalik an intellectual capital advantage in maintaining its pole position amongst peers. It has an established presence with major technologies under one roof.

#### Cemented as a technology leader in a difficult-to- enter industry

Shivalik is a niche technology-based business, with expertise accumulated over decades in metallurgical innovations involving diffusion bonding and electron beam welding of metals. These are complex processes with high barriers of entry.

#### LEVERAGING DIFFERENTIATED

#### A PIONEER USER OF CUTTING-EDGE PROCESSES WITH VETERAN CREDENTIALS

- A leading supplier of thermostatic bimetals with 77 grades of Bimetals and Trimetals.
- An IATF16949, ISO 45001, ISO18001 & ISO 9001 Certified Company
- 'Here to stay' process technology, resulting in a window of stability enjoyed by Shivalik in their technology domain

## DRIVEN BY OUR TALENTED PEOPLE POOL

By actively investing in each member of Shivalik, we aim to build an inherently capable and agile organisation.

#### **Top-notch promoters**

Veteran Experience embedded into the company

#### **Professional Teams**

Investing in a diversity of capabilities & skillsets

Supporting our people to produce Innovative offerings

Best-in-Class services for Global clients

High-value & Customisable offerings

#### 2 BUILT FOR SUSTAINABLE LONG-TERM VALUE CREATION

## RISK MANAGEMENT POLICY TO ENSURE SMOOTH LONG-TERM CONTINUITY

Shivalik is exposed to various risks in daily conduct of its business. However, it has policies in place to ensure the company is insulated from any risk affecting its operations

# 01 Commodity Risk

- The prices of raw materials procured by Shivalik are index linked thereby reducing the risk of price volatility
- The Company has diverse set of suppliers thereby reducing the risk of shortage of raw materials
- Shivalik is able to transfer price volatility as it enters into back-to-back contracts with its customers

#### 02 Credit Risk

- Shivalik customers include global marquee names
   with high credit ratings
- The Company does not offer credit to new customers
- For other export customers with long standing relationship, Shivalik offers a credit period of 30 days post receiving ECGC cover

- Shivalik has been maintaining its gross margins at ~50% consistently
- The Company enjoys an import-export ratio that provides a natural hedge for price fluctuation
- Shivalik also enters forwards and options contracts for mitigating the risk to an extent
- The Company has a strong hedging policy in place

## 4 Liquidity Risk

- Efficient utilization of working capital facility
- Company has a healthy ratio of EBITDA to Cash conversion
- Furthermore, the Company does not have substantial term loans

#### A VALUABLE LONG-TERM PLAYER SHIELDED BY A NETWORK OF LOYAL CLIENTS

#### Early-stage involvement

Engaging with clients at an early stage of their product development cycle

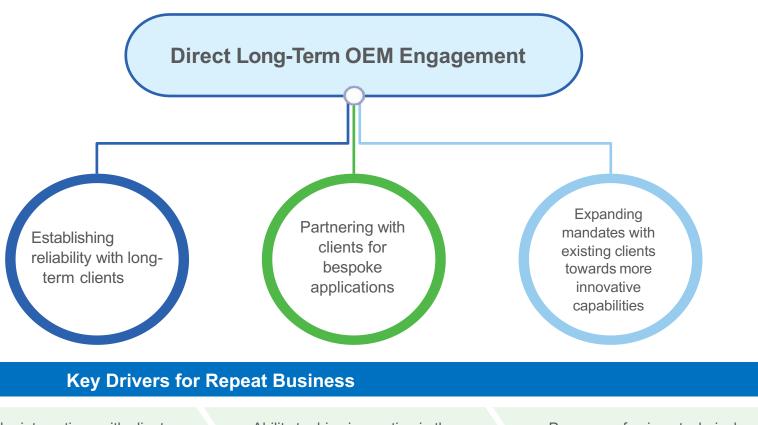

03

#### Studying OEM Insights

Kick-starting the building of solutions around the needs & gaps of industry segments

Becoming an Invaluable Partner

Ensuring trust & reliability that clients place in Shivalik for their long-term planning

Timely delivery of customized products with consistent quality	Regular interactions with client for their feedback	Ability to drive innovation in the existing product segment	Presence of unique technical knowhow	
Extensive Accreditation Process (Build to Specify Model)				
Conceptualize	Design Pro	otype Pilot & Sampling	Mass Production	

#### SUPPORTING LONG-TERM CLIMATE CHANGE COMMITMENTS

#### SHIVALIK IS AT THE WAYPOINT FOR THE ELECTRIFICATION OF THE GLOBAL ECONOMY

The global Electric Vehicle Market size is projected to grow from 8,151 thousand units in 2022 to 39,208 thousand units by 2030, at a CAGR of 21.7% (2022-2030)

"Electric Vehicle Market Share, Size, Trends - (2022-2030)"

#### 04

A huge global opportunity going forward into the next 3-4 decades. The shift towards Electrification from all major fossil fuel- based energy applications is driving our growth.

03

Demand for

Electric

Storage

Solutions

Demand for

# PREPARED FOR SUSTAINED GROWTH 3

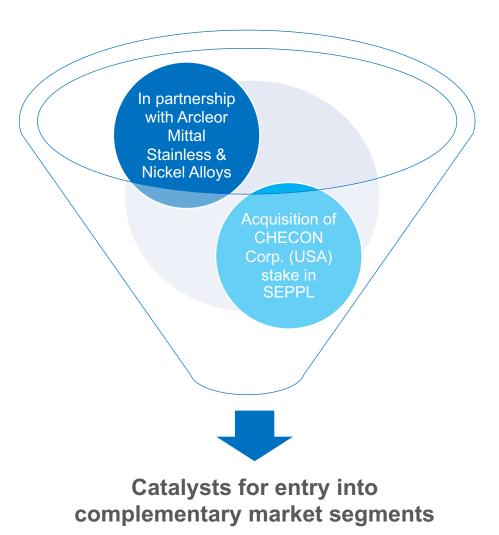

#### CATALYSING GROWTH THROUGH A SERIES OF STRATEGIC ACQUISITIONS & ALLIANCES

- Shivalik's strategic acquisition of CHECON's (USA) stake in SEPPL expands the Company's offerings to manufacture and design Silver and Silver Alloy based electrical contacts and assemblies.
- Shivalik has a joint venture with Arcleor Mittal Stainless & Nickel Alloys called ICS located in Indore, MP, India.
- Both these initiatives broaden Shivalik's offerings and provide entry into complementary market segments alongside bimetal, trimetal, and shunt resistors.

#### 3 PREPARED FOR SUSTAINED GROWTH

#### WHILE STAYING FRIENDLY TO THE ENVIRONMENT

The technology required for these products is not energyguzzling and is sustainability friendly leading Shivalik into a strong ESG position.

As per its EHS Policy, Shivalik commits to operating Plants and facilities to minimize the environmental impact and to ensure the health and safety of our employees, our community, and our customers.

Committed to combating climate change by improving energy efficiency and the use of renewable energy.

The Company is sourcing 100% of its power from renewable sources (hydroelectric) leading to a relatively low carbon footprint.

Shivalik's emissions are well within the prescribed standards by the Pollution Control Board and wastes are being disposed to authorized recyclers and disposal agencies.

#### WITH OUR FOCUS ON ESG PARAMETERS: ENVIRONMENT

Environment: Commitment to Sustainability

**Zero Liquid Discharge:** Shivalik Bimetal prioritizes reducing, reusing, and recycling water through the installation of Effluent Treatment Plants (ETPs) and Sewage Treatment Plants (STPs) to comply with current regulations.

**Waste Management:** The company ensures segregation of hazardous and non-hazardous waste, adhering to local legislation for proper disposal:

- Plastic Waste: Recycled.
- E-Waste & Hazardous Waste: Managed by registered vendors.
- Other Waste: Treated via ETP.

**Renewable Energy:** Utilizes electricity from hydro plants instead of coal, reducing the carbon footprint.

**Certifications:** ISO 14001 certified for environmental management systems.

## OUR FOCUS ON ESG PARAMETERS: SOCIAL

SHIVALIK BIMETAL CONTROLS LIMITED

#### Social: Empowering Communities

**Corporate Social Responsibility (CSR):** Enhances brand image, trust, and relationships with stakeholders, positively impacting financial performance and business growth. Key CSR initiatives for FY 2023-24 include:

**Zero Hunger:** Donation to Akshaya Patra Foundation for meal sponsorship.

Tree Plantation: In association with the Forest Department.

Safety as our priority: Strict policy against sexual harassment.

**Education:** Donations to local schools in Himachal Pradesh for infrastructure development.

**Healthcare:** Contributions towards various preventive healthcare programs.

Certifications: ISO 45001 certified for workplace health and safety.

#### OUR FOCUS ON ESG PARAMENTS: GOVERNANCE

Governance: Upholding Integrity and Transparency

**Internal Control Systems:** Comprehensive controls proportional to the company's size and complexity, reviewed quarterly by the Audit Committee.

**Whistle Blower Policy:** Vigil mechanism for addressing fraud and mismanagement, details available on the company's website.

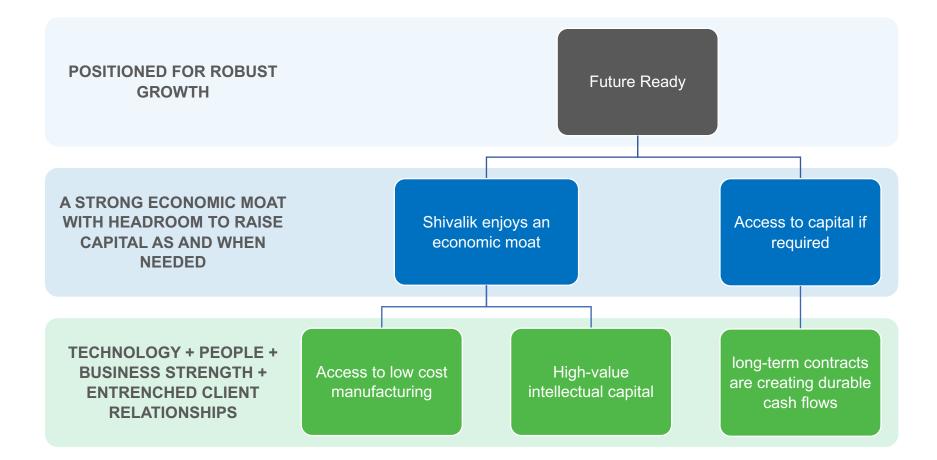

**Corporate Governance:** Adherence to SEBI requirements and commitment to high standards of corporate governance, viewed as a framework supporting core values.

**Trust and Sustainability:** Good governance is central to maintaining trust with shareholders, employees, and society, ensuring sustainable business practices.

### AND BY SUSTAINING SHIVALIK'S CORE ADVANTAGES

#### **Economic Moats:**

- Highly differentiated Intellectual capital = niche industry value creation
- ii. 21+ years of experience
- iii. Extensive Investment in R&D
- iv. Efficient scale from specialisation
- v. High-switching costs for clients
- vi. Contracts structured where price volatility is borne by the client

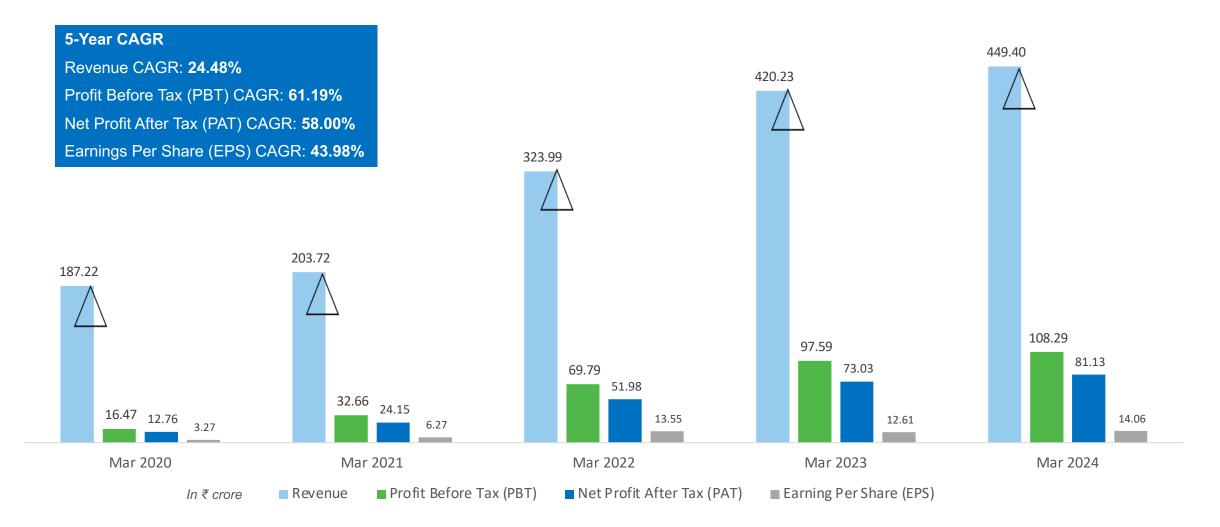

**PERSISTENT FINANCIAL & OPERATIONAL PERFORMANCE** 

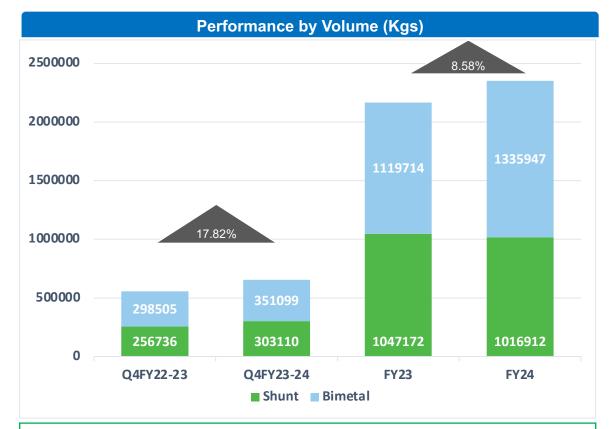

## A JOURNEY OF GROWTH: FY2020 – FY2024

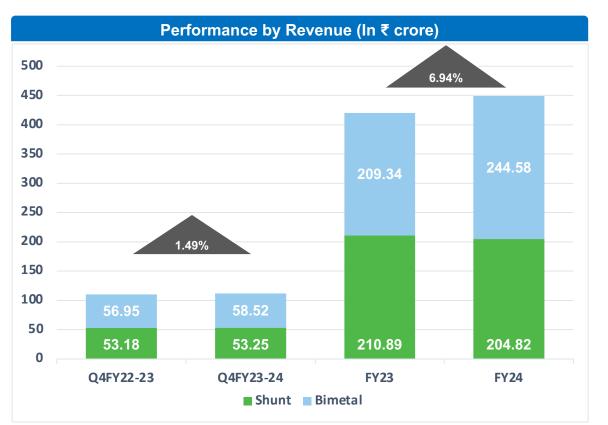

# Q4FY24 & FY24: SEGMENTWISE HIGHLIGHTS

**Volumes:** While the volumes in kgs for Q4FY24 increased by 17.82% YoY, the overall volumes for FY24 grew by 8.58%. Both the Shunt and Bimetal segments demonstrated approximately 18.00% growth in Q4. However, the Shunt segment experienced a decline of 10.57% in FY24, whereas the Bimetal segment achieved a growth rate of 19.31%.

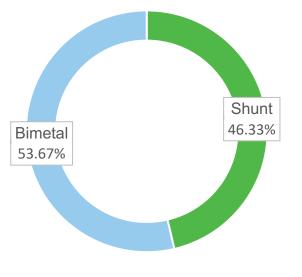

**Revenues:** Shivalik saw modest growth in Q4FY24, with the Shunt segment increasing by 0.12% and the Bimetal segment by 1.25% YoY for Q4FY24. For the full FY24, the Shunt segment experienced a decline of 2.88%, which was offset by a 9.25% YoY growth in the Bimetal segment.

# Q4FY24: SEGMENT SHARE

#### Q4 FY24 (Vol-Kgs)

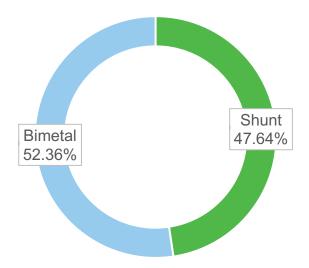

Shunt Bimetal

While the Bimetals segment continues to be the long-term growth engine for the Company, Shunts have become a fast growing and meaningful growth driver for Shivalik within a relatively short space of time. With multiple growth drivers propelling Shivalik forward, the Company is ideally placed at the waypoint for the electrification of the Global Economy.

#### Segment Share by Revenue (In ₹ crore)

### Q4 FY24 (Value in Cr.)

Shunt Bimetal

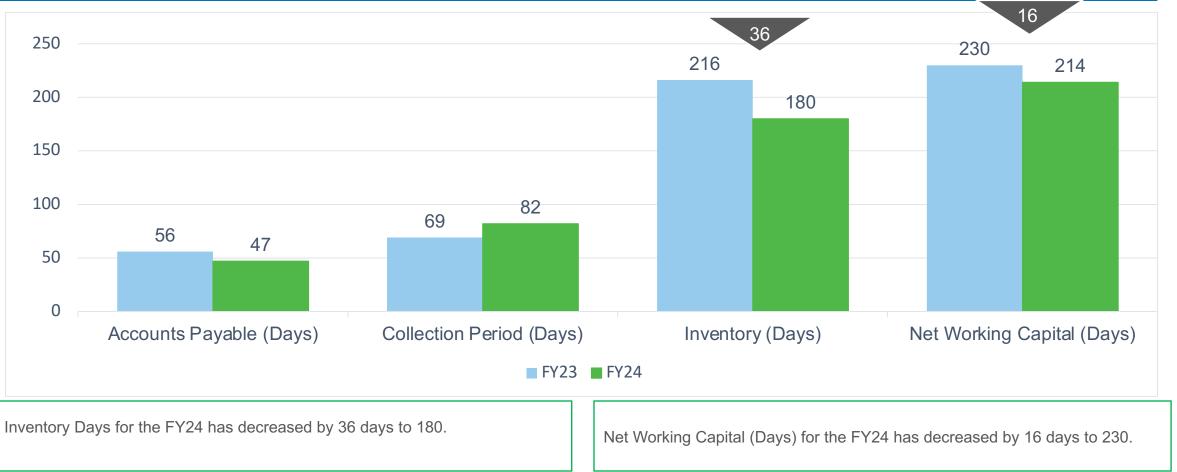

Launched just five years ago, our Shunt Resistors business now contributes around 47.64% of our total business in value terms.

## FY24: WORKING CAPITAL UPDATE

Calculated on average inventory, receivables and creditors

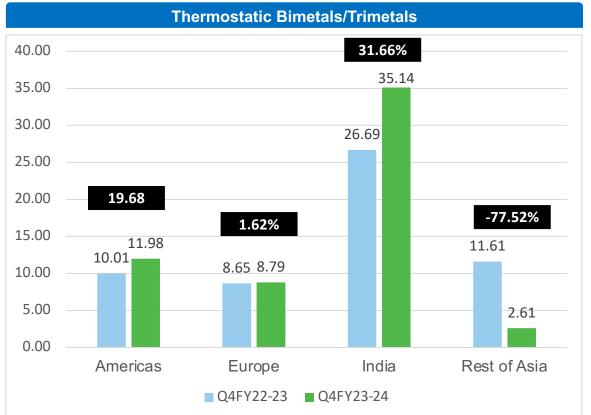

#### Working Capital Efficiency Ratios For FY24

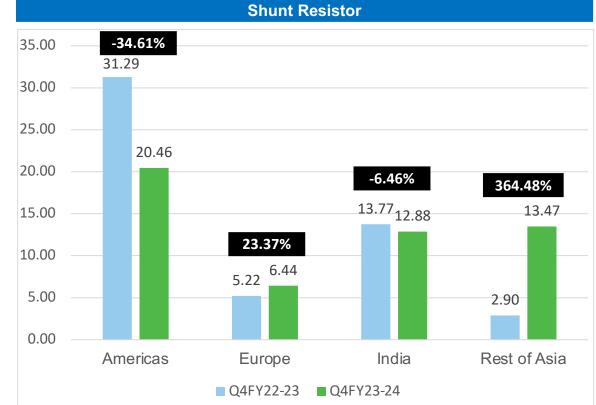

## Q4FY24: BIMETALS/TRIMETALS + SHUNT RESISTOR BUSINESS DEEP DIVE

In ₹ crore

The Domestic Indian market and the Americas region has shown a significant rise in the Thermostatic Bimetal/Trimetal segment for Q4FY24.

The Domestic Indian market and the Americas showed a decline, while demand in Rest of Asia exhibited strong growth in the Shunt Resistor segment for Q4FY24.
